Notice of General Meeting

1. Introduction

Your Board today announced a number of important and necessary developments to restructure the Company's balance sheet and raise additional working capital, further to discussions with the holders of the outstanding Loan Notes. All of the outstanding Loan Notes are currently held by two funds, Odey European Inc. and OEI MAC Inc. (the "**Odey Funds**") under the discretionary management of Odey Asset Management LLP ("**OAM**") (together with Odey Swan Fund ("**Swan**"), the "**Odey Entities**"), which have provided considerable debt funding and support to the Company over the course of the last four years. In summary, it was announced that the Company has:

- varied the terms of all of the outstanding Loan Notes so as to reduce the conversion price from 0.20 pence to 0.121855 pence per share and to permit conditional exercise of conversion rights, such unconditional Variation being a pre-requisite to the Odey Funds consenting to the Proposals;
- received notice from the Odey Funds of the conditional exercise, at the varied conversion price, of their conversion rights over such amount of their holding of Loan Notes that would result in the Odey Funds being issued, in aggregate, with 3,613,884,866 new Ordinary Shares, representing approximately 29.9 per cent. of the Company's issued share capital as enlarged by the issue of such Conversion Shares; and
- conditionally, raised approximately £9.1 million (gross) by way of a placing of 7,452,901,067 new Ordinary Shares. The net proceeds of the Placing of approximately £8.8 million to be applied as follows:
 - approximately £7.8 million to redeem the balance of the Loan Notes remaining following the above mentioned Conversion; and
 - the balance of approximately £1.0 million for the Group's general working capital purposes.

It was also announced that the Odey Funds and Swan have subscribed for, in aggregate, approximately £8.5 million worth of Ordinary Shares of the £9.1 million (gross) raised pursuant to the Placing.

The Conversion is conditional upon, *inter alia*, the passing of the Resolutions at the General Meeting. Upon completion of the Conversion and the Placing, the Odey Entities will hold, in aggregate, 10,659,531,331 new Ordinary Shares representing approximately 54.27 per cent. of the Enlarged Share Capital (including the OAM Fee Shares), being an amount that, in the absence of a waiver of the obligations under Rule 9 of the Takeover Code, would require the Odey Entities to make a general offer to Shareholders. As is customary, the Panel has agreed to grant a waiver of such obligation provided the Whitewash Resolution (Resolution 1) is approved at the General Meeting on a poll by Shareholders holding more than 50 per cent. of the Existing Ordinary Shares.

In addition, OAM, on behalf of the Odey Funds, has, on the condition that the Resolutions are passed and the Proposals are completed, agreed to waive interest due on the Loan Notes for the period from 1 April 2017 up to and including the date of the General Meeting in order to facilitate negotiation, documentation and implementation of the Variation and the Proposals. However, should the Resolutions not be passed by Shareholders at the General Meeting and the Proposals not be implemented, OAM (on behalf of the Odey Funds) reserves the right to add back all the accrued outstanding interest on the Loan Notes.

The purpose of this document is therefore to set out the details of, and reasons for, the Variation and the Proposals; to explain why the Directors believe that they are in the best interests of the Company and its Shareholders as a whole; to provide further detail in relation to the Whitewash Resolution and the implications for Shareholders of the obligations under Rule 9 of the Takeover Code being waived; and to unanimously recommend that Shareholders vote in favour of all of the Resolutions to be proposed at the forthcoming General Meeting.

Without such a restructuring, the Board believes that there is a material risk that the Company would fail to retain the support of the Odey Entities and also fail to attract the further capital that will be needed to meet the Company's share of joint venture company SPMP's future additional funding requirements. Tri-Star has a 40 per cent. equity interest in SPMP which is the Company's principal asset.

Furthermore, the Odey Funds are entitled to call for redemption of such proportion of the Loan Notes that remain outstanding following a conversion which results in the Odey Funds holding 29.9 per cent. of the then enlarged share capital of the Company. The Company currently has insufficient cash reserves to fund any such redemption request.

2. Variation and Proposed Part Conversion of the Loan Notes

In June and September 2013, the Company issued, in aggregate, £4.0 million principal amount of Loan Notes to OEI and further tranches of Loan Notes were issued in August 2014 (£2.0 million) and August 2015 (£2.0 million) with the terms of such Loan Notes being amended in September 2015. All of the Loan Notes are currently held by the Odey Funds which are under the discretionary management of OAM. The proceeds from the issue of the Loan Notes were utilised to satisfy part of the Company's share of the funding obligations in respect of the development of the OAR held by SPMP as well as for other general corporate purposes.

The rate of interest accruing on the Loan Notes is a non-cash coupon of 15 per cent. per annum, calculated on a daily basis, and compounding half yearly. As referred to above, OAM, on behalf of the Odey Funds, has, on the condition that the Resolutions are passed and the Proposals are completed, agreed to waive interest due on the Loan Notes for the period from 1 April 2017 up to and including the date of the General Meeting in order to facilitate negotiation, documentation and implementation of the Variation and the Proposals. However, should the Resolutions not be passed by Shareholders at the General Meeting and the Proposals not be implemented, OAM (on behalf of the Odey Funds)

reserves the right to add back all the accrued outstanding interest on the Loan Notes. The approximate aggregate amount currently outstanding under the Loan Notes including accrued interest up to and including 31 March 2017 is £12.185 million. The Odey Funds have the right to serve a conversion notice at any time prior to the scheduled maturity of the Loan Notes on 19 June 2018.

Under the terms of the Loan Notes, the Odey Funds currently have the right to convert all or part of their holding into Ordinary Shares. If the Odey Funds issue a conversion notice and the full conversion of the notes under such notice would result in the Odey Funds holding more than 29.9 per cent. of the Company's then enlarged voting share capital, the Company may allot and issue such shares to the extent the holding of the Odey Funds does not exceed 29.9 per cent. of the then enlarged share capital of the Company. In respect of the portion of the Loan Notes which are the subject of a conversion notice, but are not converted, the Odey Funds have the option of either continuing to hold those notes or, at the Odey Funds' election, to have those notes redeemed for cash by the Company.

The Company currently has insufficient cash reserves to fund any such redemption request.

In order to ensure the continuing support of the Odey Entities, the Company agreed with the Odey Funds to amend the existing terms of the Loan Notes to:

- vary the conversion price downwards from 0.20p per share to 0.121855p per Ordinary Share (which is equal to the Issue Price), representing a discount of approximately 24 per cent. to the Company's closing mid-market share price of 0.16p on 31 May 2017 being the last Business Day immediately prior to the announcement of the Proposals; and
- to allow for the exercise of conversion rights to be conditional.

This unconditional Variation was a pre-requisite to the Odey Funds consenting to the Proposals, including the injection of additional capital into the Company pursuant to the Placing. Conditional upon the conditions to the Placing (save for the condition relating to Admission) being satisfied or waived, the Odey Funds have given notice to the Company that they wish to convert £4,403,699.40 of the Loan Notes at the Issue Price into the Conversion Shares.

3. Details of the Placing

SP Angel, as placing agent for the Company, has conditionally placed the Placing Shares at the Issue Price with the Odey Funds, Swan (a fund under the discretionary management control of OAM) and certain other investors to raise approximately £9.1 million before expenses. The Odey Funds and Swan have agreed to subscribe for, in aggregate, 6,963,581,716 of the Placing Shares at the Issue Price raising approximately £8.5 million whilst certain other investors have agreed to subscribe for, in aggregate, the remaining 489,319,351 Placing Shares at the Issue Price raising approximately £0.6 million. The Placing Shares will represent approximately 37.9 per cent. of the Enlarged Share Capital.

The net proceeds of the Placing are to be applied to redeem the balance of the Loan Notes outstanding following the Conversion in order to strengthen the Company's balance sheet with the remainder to be utilised for the Company's general working capital purposes.

Accordingly, on completion of the Proposals, the Odey Entities will, in aggregate, hold approximately 54.27 per cent. of the Enlarged Share Capital (including the OAM Fee Shares).

4. Principal terms of the Placing, issue of the Fee Shares and Admission

The Placing is conditional, among other things, upon:

- the Panel's waiver of the Odey Entities' obligation to make an offer under Rule 9 of the Takeover Code on allotment and issue to them of the Placing Shares and the OAM Fee Shares;
- the passing of the Resolutions;

- the Placing Agreement becoming unconditional in all respects and not having been terminated in accordance with its terms; and
- Admission of the Placing Shares and Conversion Shares to trading on AIM becoming effective by not later than 8.00 a.m. on 21 June 2017 (or such later time and/or date (not being later than 31 July 2017) as SP Angel and the Company may agree).

Accordingly, if such conditions are not satisfied, or, as applicable, waived, the Placing and Conversion will not proceed.

In addition, as part of its engagement terms with the Company, Strand Hanson will be issued 20,516,187 Ordinary Shares on completion in lieu of part of its fee for advising the Company in connection with the Proposals. The Company has also agreed that OAM will be separately issued 82,064,749 Ordinary Shares on completion as part settlement of an arrangement fee in recognition of the professional advisory costs that OAM has incurred in connection with the renegotiation and restructuring of the Loan Notes.

Furthermore, as part of its engagement terms with the Company, on Admission SP Angel will be issued warrants to subscribe for 24,465,968 Ordinary Shares in lieu of part of its fee for advising the Company in connection with the Placing. The warrants will be exercisable at the Issue Price per new Ordinary Share for a period of four years from the date of grant and ending on the fourth anniversary of grant.

The New Ordinary Shares, when issued fully paid, will rank equally in all respects with the Existing Ordinary Shares including the right to receive any dividends or other distributions declared, made or paid after the date of issue of the New Ordinary Shares.

Application will be made to the London Stock Exchange for the New Ordinary Shares to be admitted to trading on AIM and such admission is expected to become effective on 21 June 2017. It is expected that CREST accounts will be credited on the day of Admission as regards the Placing Shares in uncertificated form and that certificates for Placing Shares to be issued in certificated form will be dispatched by first class post the week commencing 26 June 2017.

The Placing Agreement contains certain warranties and indemnities given by the Company in favour of SP Angel as to certain matters relating to the Company and its business. The obligations of SP Angel under the Placing Agreement may be terminated in certain circumstances if there occurs either a material breach of any of the warranties or if a materially adverse event occurs at any time prior to Admission. Such rights exist in the event that such circumstances arise prior to Admission. If the conditions in the Placing Agreement are not fulfilled on or before the relevant date in the Placing Agreement then the subscription monies will be returned to Placees without interest.

The Placing Agreement also provides for the Company to pay SP Angel a corporate finance fee, commissions and certain other costs and expenses incidental to the Placing and Admission.

5. Current activities, trading and prospects

The Company's most recent financial results for the year ended 31 December 2016 were announced on 10 March 2017 and the Company's Annual Report and Financial Statements were posted to shareholders on 15 March 2017.

Since the start of 2017, the antimony market has risen significantly, driven by concerns over the availability of antimony from China, the world's largest producer. Such concerns were recently heightened following environmental inspections on numerous antimony blast furnace facilities in a twelve-month inspection programme that commenced in April 2017, which has already resulted in approximately 50 per cent. of certain plant capacity in China being shut or suspended for non-compliance.

Tri-Star's principal asset and focus of activities is its 40 per cent. interest in SPMP. SPMP is an Omani company developing the OAR. Construction of the OAR has commenced on site and the first items of major equipment will start to arrive during June 2017. Photographs showing the project's progress have recently been uploaded to the Company's website and are available to view at www.tri-starresources.com.

As reported in the Company's 2016 results announcement on 10 March 2017, test-work has been continuing and this has been completed for process issues. Initial independent test reports have confirmed good recoveries of antimony and gold from the test process and good quality of end product. Testing has also been extended to prepare for operational readiness. As a result of these tests, it has been necessary to change some casting equipment specifications and the lining of the casting kettles has had to be modified in the interests of preserving the product quality of the finished antimony ingot.

These final plant design changes and revised operational readiness considerations are expected to move commissioning and first antimony metal into Q1 2018. Meanwhile, SPMP's discussions with end customers and contracting for feedstock supply are well advanced and SPMP is expecting to conclude negotiations to address its feedstock requirements for 2018 in the coming months.

As at 31 May 2017, being the latest practicable date prior to publication of this document, the Company held cash balances of approximately £192,000. Accordingly, if the Proposals are not approved by Shareholders, or for whatever reason are not implemented, the Company will need to secure additional working capital within two months.

The Directors understand that the issue of the New Ordinary Shares arising on completion of the Conversion and Placing will have a substantial dilutive effect on the holdings of Shareholders. The Directors, however, consider the Proposals to be in the best interests of the Company and its Shareholders as a whole since the Proposals remove the risk of the Odey Funds exerting their right to require the redemption, in cash, of the balance of the Loan Notes remaining after the Conversion. The Proposals will also result in the restructuring and strengthening of the Company's balance sheet which the Directors believe will enhance the Company's ability to raise additional capital in the short term to satisfy expected significant additional funding requests from SPMP in respect of completing the development of the OAR during the remainder of 2017.

The Directors consider that the possibility of the Company being able to raise approximately £7.8 million to redeem the balance of the Loan Notes remaining post Conversion at short notice would be extremely challenging and that the best outcome for the Company and its Shareholders in such circumstances will be achieved by the completion of the Proposals.

Assuming completion of the Proposals, the Directors believe that the Company's prospects will be enhanced as the Proposals so enacted will, *inter alia*, result in the orderly elimination of the Company's existing indebtedness, the removal of the current uncertainty with respect to the timing and consequences of the Loan Notes' conversion and redemption, provide the requisite additional working capital and secure the introduction of the Odey Funds as majority shareholders in the business.

If the Proposals are not approved by Shareholders at the General Meeting and are not implemented, the Directors would immediately have to seek alternative sources of potential funding which may or may not be obtainable on similar commercial terms or secured on a timely basis, or at all. If such alternative sources of potential funding are not found to be available, the Directors believe it is highly likely that the Company would be forced into administration.

6. Relationship Agreement

The Company, SP Angel, the Odey Funds and Swan have entered into a Relationship Agreement, which is conditional upon completion of the Proposals, pursuant to which the Odey Funds and Swan, in their capacities as substantial shareholders, have given various undertakings to the Company and

SP Angel regarding the relationship between the Odey Funds, Swan, their associates and the Company.

In particular, the Odey Funds and Swan have agreed:

- not to take any action that would result in the Company not being capable at any time of carrying on its business independently of the Odey Funds, Swan and their associates; and
- not to exercise their voting rights to prevent there being not less than two independent directors of the Company from time to time who have not been nominated by the Odey Funds, Swan and/or their associates.

The agreement will terminate if the Odey Funds, Swan and their associates cease to be interested in more than 29.9 per cent. of the Company's voting share capital from time to time. Some provisions of the Relationship Agreement survive termination and these include the right of the Odey Funds and Swan together to appoint non-executive directors to the Board based on their interest in the Ordinary Shares of the Company as described below.

In view of the substantial shareholdings of the Odey Funds and Swan, the Company has agreed in the Relationship Agreement that for so long as the Odey Funds and Swan are together interested in at least 10 per cent. of the Ordinary Shares, they may appoint one non-executive director to the Board and that for so long as the Odey Funds and Swan are together interested in at least 30 per cent. of the Ordinary Shares, they may appoint two non-executive directors. No such nominated director will be appointed or continue in office if the Company (acting reasonably) determines that such appointment or continuation in office would have a material adverse effect on the ongoing appropriateness of the Company for admission to trading on AIM, such approval not to be unreasonably withheld.

The Odey Funds and Swan also separately confirm that they have every intention to act in the best interests of the Company and in turn, to seek to improve the valuation of the Company for all Shareholders.

7. Proposed Board appointments

Pursuant to the provisions of the Relationship Agreement, on completion of the Proposals the following persons will join the Board as non-executive directors at the request of the Odey Funds and Swan:

David Fletcher

David is a Partner and Non-Executive Chairman of OAM. He has been part of the OAM management team for over 20 years since joining as Chief Executive in 1995. David is also a Senior Adviser at Social Finance, a not for profit social sector innovator. Prior to OAM, David was CEO at Leopold Joseph, the quoted UK merchant bank, where he had worked since graduating from New College, Oxford, in 1980.

Karen O'Mahony

Karen is currently Managing Director of PE Advisors Ltd ("**PEAL**"). Prior to the establishment of PEAL in 2014, Karen spent 10 years at Misland Capital Ltd where she was Deputy Chief Investment Officer. From 2002 to 2004, she was a Director at Davy Stockbrokers Ltd in Dublin and prior to that, she worked as an Associate at Goldman Sachs covering Pan European Equity Research. She holds a master's degree in Quantitative Finance from University College Dublin and an undergraduate degree in Finance from Trinity College Dublin.

8. The Takeover Code

The Placing gives rise to certain considerations under the Takeover Code. Brief details of the Panel, the Takeover Code and the protections they afford are set out below.

The Takeover Code is issued and administered by the Panel. The Takeover Code applies to all takeover and merger transactions, however effected, where the offeree company is, among other things, a listed or unlisted public company resident in the United Kingdom, the Channel Islands or the Isle of Man (and to certain categories of private limited companies). The Company is a public company whose Ordinary Shares are admitted to trading on AIM, and its Shareholders are therefore entitled to the protections afforded by the Takeover Code.

Under Rule 9 of the Takeover Code, where any person acquires, whether by a series of transactions over a period of time or not, an interest in shares which (taken together with shares already held by that person and any interest in shares held or acquired by persons acting in concert with him) carry 30 per cent. or more of the voting rights of a company which is subject to the Takeover Code, that person is normally required by the Panel to make a general offer to all the holders of any class of equity share capital or other class of transferable securities carrying voting rights in that company to acquire the balance of their interests in the company.

Similarly, Rule 9 of the Takeover Code also provides, among other things, that where any person who, together with persons acting in concert with him, is interested in shares which in aggregate carry not less than 30 per cent. but not more than 50 per cent. of the voting rights of a company which is subject to the Takeover Code, and such person, or any person acting in concert with him, acquires an additional interest in shares which increases the percentage of shares carrying voting rights in which he is interested, then such person is normally required by the Panel to make a general offer to all the holders of any class of equity share capital or other class of transferable securities carrying voting rights of that company to acquire the balance of their interests in the company.

An offer under Rule 9 of the Takeover Code must be in cash (or with a cash alternative) and at the highest price paid within the preceding 12 months for any interest in shares in the company by the person required to make the offer or any person acting in concert with him.

Shareholders should be aware that Rule 9 of the Takeover Code further provides, *inter alia*, that where any person who, together with persons acting in concert with him, holds interests in shares carrying more than 50 per cent. of the voting rights of a company, acquires an interest in shares which carry additional voting rights, then they will not normally be required to make a general offer to the other shareholders to acquire their shares.

Under the Takeover Code, a concert party arises where persons acting together pursuant to an agreement or understanding (whether formal or informal) co-operate to obtain or consolidate control of, or frustrate the successful outcome of an offer for, a company subject to the Takeover Code. Control means an interest or interests in shares carrying, in aggregate, 30 per cent. or more of the voting rights of the company, irrespective of whether the holding or holdings give *de facto* control. OAM and the relevant funds over which it has control of all voting and investment decisions, being OEI, OMI and Swan (i.e. the Odey Entities), (the "Concert Party") are considered to be acting in concert for the purposes of the Takeover Code (as such term is defined in the Takeover Code). However, for the purposes of Rule 9, the Takeover Panel considers the Concert Party to be a single entity. Given that on completion of the Proposals the Concert Party will hold over 50% of the voting rights of the Company, any transfer of shares in the Company between entities within the Concert Party and any further acquisitions of the Company's shares by any member of the Concert Party, whether individually or collectively, will not be subject to the restrictions of Rule 9 of the Takeover Code.

9. Dispensation from the requirement to make a general offer under the Takeover Code

Immediately following completion of the Proposals and the issue of the Conversion Shares, Placing Shares and OAM Fee Shares, the Odey Entities will have acquired interests in the Ordinary Shares carrying, in aggregate, 54.27 per cent. of the then enlarged voting rights of the Company which,

without a waiver of the obligations under Rule 9 of the Takeover Code, would oblige the Odey Entities (and any party deemed to be acting in concert with the Odey Entities) to make a general offer to Shareholders under Rule 9 of the Takeover Code. Each of the Odey Entities' existing and resultant interests will comprise:

<i>Odey Entity</i>	<i>Existing Holdings</i>		<i>Holdings immediately following completion of the Proposals</i>	
	<i>No. of Existing Ordinary Shares</i>	<i>Percentage of the Existing Share Capital</i>	<i>Resultant shareholding</i>	<i>Percentage of the Enlarged Share Capital</i>
OEI	—	—	5,782,969,103	29.44%
OMI	—	—	4,216,975,093	21.47%
Swan	—	—	577,522,386	2.94%
OAM	—	—	82,064,749	0.42%
Total:	—	—	10,659,531,331	54.27%

The Company has applied to the Panel for a waiver of the obligations under Rule 9 of the Takeover Code in order to permit the Placing to proceed without triggering an obligation on the part of the Odey Entities to make a general offer to Shareholders. Under Note 1 of the Notes on the Dispensations from Rule 9 of the Takeover Code, the Panel will normally waive the requirement for a general offer to be made in accordance with Rule 9 of the Takeover Code (a "**Rule 9 Offer**") if, among other things, the shareholders of the company who are independent of the person who would otherwise be required to make an offer, and any person acting in concert with him, pass an ordinary resolution approving such a waiver on a poll at a general meeting.

Accordingly, the Panel has agreed to grant a waiver of the obligation of the Odey Entities to make a general offer under Rule 9 of the Takeover Code that would otherwise arise as a result of the issue of the Placing Shares and OAM Fee Shares to the Odey Entities pursuant to the Proposals, subject to Shareholders approving the Whitewash Resolution (Resolution 1) on a poll at the General Meeting. To be passed, the Whitewash Resolution will require a simple majority of the votes cast on a poll by the Shareholders entitled to vote. Shareholders should note that if the Whitewash Resolution is passed by Shareholders at the General Meeting and the Proposals completed, the Odey Entities, or any individual entity thereof, will not be restricted from making an offer for the Company.

Shareholders should further note that, following completion of the Proposals and issue of the Conversion Shares, Placing Shares and OAM Fee Shares, the Odey Entities will between them be interested in approximately 54.27 per cent. of the then enlarged voting rights of the Company and that:

- **by virtue of holding more than 50 per cent. of the Company's voting rights, the Odey Entities will be entitled to increase their holdings or aggregate interest in the voting rights of the Company without incurring any obligation under Rule 9 of the Takeover Code to make a general offer to all Shareholders to acquire their Ordinary Shares; and**
- **this will increase the percentage of the Ordinary Shares that are not in public hands. This may in turn have the effect of reducing the liquidity of trading in the Ordinary Shares on AIM. The Odey Entities' stake in the voting rights of the Company will also mean that the Odey Entities will be able, if they so wish, to exert significant influence over resolutions proposed at future general meetings of the Company.**

The attention of Shareholders is drawn to the information on the Odey Entities set out in Part 2 of this document and the additional information required by the Takeover Code set out in Part 3 of this document.

10. Independent advice provided to the Board

The Takeover Code requires the Board to obtain competent independent advice regarding the merits of the transaction which is the subject of the Whitewash Resolution, the controlling position which it will create, and the effect which it will have on Shareholders generally. Accordingly, Strand Hanson, as the Company's independent financial adviser, has provided formal advice to the Board regarding the Proposals. Strand Hanson confirms that it, and any person who is or is presumed to be acting in concert with it, is independent of the Odey Entities and has no personal, financial or commercial relationship or arrangements or understandings with the Odey Entities.

11. General Meeting

The Directors do not currently have authority to allot all of the New Ordinary Shares and, accordingly, the Board is seeking the approval of Shareholders to allot the Placing Shares at the General Meeting. In addition, the Panel's waiver of the obligations under Rule 9 of the Takeover Code has been granted subject to Shareholders entitled to vote approving the Whitewash Resolution on a poll at the General Meeting.

The formal Notice of General Meeting is set out at the end of this document convening the meeting to be held at the offices of Fladgate LLP at 16 Great Queen Street, London WC2B 5DG at 10.00 a.m. on 20 June 2017. At the General Meeting the following Resolutions will be proposed:

- **Resolution 1** is an ordinary resolution to approve the waiver of the obligations under Rule 9 of the Takeover Code, conditional on approval of the Panel. This resolution will be taken on a poll, and must be approved by Shareholders entitled to vote who together represent a simple majority of the issued Ordinary Shares held by such Shareholders being voted (whether in person or by proxy) at the General Meeting;
- **Resolution 2**, which is conditional on the passing of Resolution 1 and is an ordinary resolution, to authorise the Directors to allot relevant securities up to an aggregate nominal amount of £372,645.05335, being equal to 7,452,901,067 Ordinary Shares (i.e. the maximum number of Ordinary Shares available under the Placing); and
- **Resolution 3**, which is conditional on the passing of Resolutions 1 and 2 and is a special resolution to authorise the Directors to issue and allot up to 7,452,901,067 Ordinary Shares pursuant to the Placing on a non-pre-emptive basis.

Completion of the Conversion and Placing is conditional upon the passing of the Resolutions. If any of the Resolutions are not passed then the Conversion and Placing will not complete and the Company will need to raise additional working capital in the short term.

If the Proposals are not approved by Shareholders and are not implemented and the Odey Funds were to exert their right to serve a conversion notice at any time prior to the scheduled maturity of the Loan Notes on 19 June 2018 and elect to have the unconverted balance of their Loan Notes redeemed for cash at that time or otherwise hold all or a portion of their Loan Notes until maturity, the Company would be forced to seek alternative sources of potential funding which may or may not be obtainable on similar commercial terms or of a sufficient quantum and may or may not be secured on a timely basis or at all. If any such alternative sources of potential funding are not available when required, the Directors believe it is highly likely that the Company would be unable to satisfy either redemption of the unconverted Loan Notes or its further funding obligations in respect of the OAR, leading to dilution of its existing ownership interest in SPMP and/or potentially being forced into administration.

The Strand Hanson Fee Shares are to be allotted and issued to Strand Hanson in lieu of part of its fee for advising the Company in connection with the Proposals. The SP Angel Warrants are to be granted

in lieu of part of its fee for advising the Company in connection with the Placing. The Company has also agreed to pay OAM £175,000 (plus VAT in respect of the cash portion of this payment) in recognition of the professional advisory costs that OAM has incurred in connection with the renegotiation and restructuring of the Loan Notes, such fee to be satisfied by the payment of £75,000 plus VAT in the sum of £15,000 in respect of the professional advisory costs in cash and the allotment and issue of the OAM Fee Shares to OAM (or to any person or entity as it directs). The Fee Shares and the SP Angel Warrants will be allotted and issued pursuant to the general authorities to be granted to the Directors at the Company's forthcoming Annual General Meeting.

12. Action to be taken

A Form of Proxy is enclosed for use by Shareholders in connection with the General Meeting. Whether or not you intend to be present at the General Meeting in person, you are requested to complete and sign the Form of Proxy in accordance with the instructions printed on it and return it to the Company's registrars, Capita Asset Services at PXS, 34 Beckenham Road, Beckenham, Kent BR3 4TU as soon as possible and, in any event, so as to arrive not later than 10.00 a.m. on 16 June 2017. The completion and return of a Form of Proxy will not preclude you from attending the General Meeting and voting in person should you subsequently wish to do so.

In accordance with the requirements of the Panel, the Whitewash Resolution will be taken on a poll of Shareholders entitled to vote.

13. Irrevocable undertakings

The Company has received irrevocable undertakings to vote in favour of all the Resolutions, including the Whitewash Resolution (Resolution 1), from all of the Directors who hold Existing Ordinary Shares, in respect of, in aggregate, 1,663,745,800 Existing Ordinary Shares representing approximately 19.64 per cent. of the Existing Ordinary Shares. Further details of the irrevocable undertakings are set out in paragraph 4.5 of Part 3 of this document.

14. Overseas Shareholders

It is the responsibility of any person receiving a copy of this document outside of the United Kingdom to satisfy himself/herself as to the full observance of the laws and regulatory requirements of the relevant territory in connection therewith, including obtaining any governmental or other consents which may be required or observing any other formalities required to be observed in such territory and paying any other issue, transfer or other taxes due in such territory. Persons (including, without limitation, nominees and trustees) receiving this document should not send it into any jurisdiction when to do so would, or might, contravene local securities laws or regulations.

15. Further information

Your attention is drawn to the further information set out in Parts 2 and 3 of this document and to the Company's consolidated annual report and financial statements for the last two financial years, each of which are incorporated by reference into this document, and are available at www.tri-starresources.com/investors/financial-reports/. You are advised to read the whole of this document and not merely rely on the key or summarised information in this letter.

16. Recommendation

The Directors, having been so advised by Strand Hanson, consider the Proposals and the passing of the Resolutions, including the Whitewash Resolution, to be fair and reasonable and in the best interests of the Shareholders and the Company as a whole. In providing its advice to the Directors, Strand Hanson has taken into account the Directors' commercial assessments.

Accordingly, the Directors unanimously recommend that Shareholders vote in favour of all of the Resolutions, as they have irrevocably undertaken so to do in respect of their own beneficial shareholdings of, in aggregate, 1,663,745,800 Existing Ordinary Shares, representing approximately 19.64 per cent. of the existing issued share capital of the Company.

The Conversion and the Placing are conditional, among other things, upon the passing of the Resolutions at the General Meeting. Shareholders should be aware that if the Resolutions are not approved at the General Meeting by Shareholders, the Conversion and the Placing will not proceed.

Yours faithfully

Mark Wellesley-Wood
Non-Executive Chairman

EXPLANATORY NOTES TO THE NOTICE OF GENERAL MEETING:

Appointment of proxies

1. As a member of the Company, you are entitled to appoint a proxy to exercise all or any of your rights to attend, speak and vote at the meeting and you should have received a proxy form with this notice of meeting. You can only appoint a proxy using the procedures set out in these notes and the notes to the proxy form.
2. A proxy does not need to be a member of the Company but must attend the meeting to represent you. Details of how to appoint the chairman of the meeting or another person as your proxy using the proxy form are set out in the notes to the proxy form. If you wish your proxy to speak on your behalf at the meeting you must appoint your own choice of proxy (not the chairman) and give your instructions directly to the relevant person.
3. You may appoint more than one proxy provided that each proxy is appointed to exercise rights attached to different shares. You may not appoint more than one proxy to exercise rights attached to any one share. To appoint more than one proxy, you must complete a separate proxy form for each proxy and specify against the proxy's name the number of shares over which the proxy has rights. If you are in any doubt as to the procedure to be followed for the purpose of appointing more than one proxy you must contact the Company's registrars, Capita Asset Services, PXS, 34 Beckenham Road, Kent BR3 4TU. If you fail to specify the number of shares to which each proxy relates, or specify a number of shares greater than that held by you on the record date, proxy appointments will be invalid.
4. If you do not indicate to your proxy how to vote on any resolution, your proxy will vote or abstain from voting at their discretion. Your proxy will vote (or abstain from voting) as they think fit in relation to any other matter which is put before the meeting. A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against a resolution.

Appointment of a proxy using the hard copy proxy form

5. The notes to the proxy form explain how to direct your proxy how to vote on each resolution or withhold their vote.
6. To appoint a proxy using the proxy form, it must be
 - (a) completed and signed;
 - (b) sent or delivered to the Company's registrars, Capita Asset Services, PXS, 34 Beckenham Road, Kent BR3 4TU; and
 - (c) received by the Company's registrars no later than 10.00 a.m. on 16 June 2017.
7. In the case of a member which is a company, the proxy form must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company.
8. Any power of attorney or any other authority under which the proxy form is signed (or a duly certified copy of such power or authority) must be included with the proxy form.
9. The Company, pursuant to regulation 41 of The Uncertificated Securities Regulations 2001 (SI 2001/3755), specifies that only those ordinary shareholders registered in the register of members of the Company by close of business on 16 June 2017 or, if the meeting is adjourned, in the register of members by close of business on the day two days before the date of any adjourned meeting will be entitled to attend or vote at the meeting in respect of the number of Ordinary Shares registered in their name at that time. Changes to entries on the register of members after that time will be disregarded in determining the rights of any person to attend or vote at the meeting.

Appointment of proxies through CREST

10. CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so for the meeting and any adjournment(s) by using the procedures described in the CREST Manual. CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.
11. In order for a proxy appointment made by means of CREST to be valid, the appropriate CREST message (a CREST Proxy Instruction) must be properly authenticated in accordance with Euroclear UK & Ireland Limited's (EUI) specifications and must contain the information required for such instructions, as described in the CREST Manual. The message must be transmitted so as to be received by the issuer's agent (ID: RA10) by 10.00 a.m. on 16 June 2017. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.

12. CREST members and, where applicable, their CREST sponsors or voting service providers should note that EUI does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as is necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.
13. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001 (SI 2001/3755).

Appointment of proxy by joint members

14. In the case of joint holders of shares, where more than one of the joint holders purports to appoint a proxy, only the appointment submitted by the most senior holder (being the first named holder in respect of the shares in the Company's register of members) will be accepted.

Changing proxy instructions

15. To change your proxy instructions simply submit a new proxy appointment using the methods set out in paragraphs 6 or 11 above. Note that the cut off time for receipt of proxy appointments specified in those paragraphs also applies in relation to amended instructions. Any amended proxy appointment received after the specified cut off time will be disregarded.
16. Where you have appointed a proxy using the hard copy proxy form and would like to change the instructions using another hard copy proxy form, please contact the Company's registrar as indicated in paragraph 3 above.
17. If you submit more than one valid proxy appointment, the appointment received last before the latest time for the receipt of proxies will take precedence.

Termination of proxy appointments

18. In order to revoke a proxy instruction you will need to inform the Company by sending a signed hard copy notice clearly stating your intention to revoke your proxy appointment to the Company's registrar as indicated in paragraph 3 above. In the case of a member which is a company, the revocation notice must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company. Any power of attorney or any other authority under which the revocation notice is signed (or a duly certified copy of such power or authority) must be included with the revocation notice.
19. The revocation notice must be received by the Company no later than 10.00 a.m. on 16 June 2017.
20. If you attempt to revoke your proxy appointment but the revocation is received after the time specified then, subject to paragraph 21 below, your proxy appointment will remain valid.
21. Appointment of a proxy does not preclude you from attending the meeting and voting in person. If you have appointed a proxy and attend the meeting in person, your proxy appointment will automatically be terminated.

Corporate representatives

22. A corporation, which is a member, can appoint one or more corporate representatives, who may exercise, on its behalf, all its powers as a member provided that no more than one corporate representative exercises powers over the same share.

Issued shares and total voting rights

23. As at 6.00 p.m. on 31 May 2017 (being the latest practicable date prior to the publication of this notice), the Company's issued share capital comprised 8,472,686,593 ordinary shares of 0.005p each 1,363,925,475 deferred shares of 0.1p each and 856,547,275 B deferred shares of 0.095p each. Each ordinary share carries the right to one vote at a general meeting of the Company and, therefore, the total number of voting rights in the Company as at 6.00 p.m. on 31 May 2017 is 8,472,686,593.

Communication

24. You may not use any electronic address provided either in this notice of meeting or any related documents (including the document within which this notice of meeting is incorporated and the proxy form) to communicate with the Company for any purposes other than those expressly stated.

Poll vote

25. In order to comply with the requirements of the Panel on Takeovers and Mergers, Resolution 1 will be taken on a poll.
